

The Steam Boat Association of Great Britain

SAFETY

All Boats taking part in SBA events must carry appropriate safety equipment, including paddles or oars, anchors and warps, fire fighting equipment, buoyancy aids and first aid equipment including burn treatment. Non-swimmers and any others required to do so by the Boat Owner must wear a buoyancy aid.

Date of SBA Event:	13 September 2024
Name of Boat ("the Boat"):	
Name of Boat Owner & signatory ("the Signatory"):	

I, the Signatory, warrant and undertake that, during the Event, my Boat will have **valid boiler inspection certification issued by a competent authority** [not required where the Boat has no boiler] and that I will also have in place an **insurance policy providing third party liability cover** in respect of any loss or injury directly or indirectly caused by my vessel, my acts or omissions or the acts or omissions of those under my control.

I agree to indemnify in full and hold harmless the SBA from any liability whatsoever resulting from my vessel, my acts or omissions or the acts or omissions of those under my control.

Boiler inspection certification issued by: (Name of inspector and company) (Not required where the Boat has no boiler)	
Boiler inspection certification valid until:	
Insurance Policy issued by:	
Insurance Policy valid until:	

NOTE: If your present boiler inspection certification or insurance is not valid for the dates of the Event or has not yet been arranged, **you must provide the Event organiser with updated details in writing of the boiler inspection certification and insurance before your Boat can take part in the Event.**

I agree that, as a participant at the Event, I will conform to the SBA published requirements for boiler inspection, insurance and safety. I will carry safety equipment appropriate to my vessel and the waters. Details of these requirements are available on the SBA website or from the SBA Events Secretary.

In making this declaration I confirm that I understand fully the implications of making an incorrect or false statement.

NOTE: At the end of each season the SBA will undertake random checks of the boiler inspection certification and insurance details provided to ensure the system is working effectively. The SBA would take a serious view if a declaration were found to be false.

NOTE: The SBA strongly recommends that boiler inspections are carried out by a competent person who holds Professional Indemnity insurance cover.
